FEDERAL COMMUNICATIONS COMMISSIONS
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046

Subject: Extended Frequencies Justification

Dear Sir/Madam,

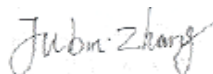

The Radio with FCC ID: 4CG8EGT; 222W3 was designed to operate in the frequency bands 400MHz-470MHz.

To aid equipment authorization in other countries which accept the United States FCC Grant for Certification, Shenzhen Excera Technology Co., Ltd. is requesting that the FCC lists the frequencies 400MHz-470MHz under FCC Rule Parts 22,74,80 and 90 on the FCC Grant.

Shenzhen Excera Technology Co., Ltd. Attests that the radio will not be marketed to USA users with the frequency band which is not allowed by the rule part 22,74,80 and 90. Per the FCC's KDB634817 guidance, as an alternative to listing the exact frequencies, we acknowledge that it's a violation of the FCC Rules if this device operates on unauthorized frequencies.

Also, equipment programming is the responsibility of Authorized Service Personnel, the radio complies with 47 CFR Part 90.203(e), in that the operator cannot directly program the transmit frequencies using the normally accessible external controls.

Sincerely Yours,

Signature: 

Jubin Zhang
